The bird that should have been selected as the emblem of our country, the bird of patience, forbearance, perseverance and the bird of terror when aroused, is the mule. There is ao bird that combines more virtue to the square foot than the mule. With the mule emblazoned on our banners, we should be a terror to the foe. We are a nation of uncomplaining hard-workers. We mean to do the fair thing by everybody. We plod along doing as we would be done by. So does the mule. We as a nation are slow to anger. So is the arms and legs were broken, as were the mule.
